DESCRIPTION

These tests are for the ProLine Category B products. All the tests will be taken online via our Learning Management System. You will have the possibility to take the tests again when you fail the first try.

Login will be provided after we have received the payment.

APPLICATION

The engineer can apply for this training by registration on our website.

Please note that it is important to fill in the personal work e-mail address of the participant. We can use an e-mail address only once for one account in our LMS so when you would like to register multiple participants now or in the future for our e-learning modules, it will not be possible with the same e-mail address.

CERTIFICATION

A certificate will be issued when the participant has all the tests successfully.
